What is Churrasco?

Started on family farms throughout Southern Brazil in the early 17th century and now practiced at Muller Bros, the art of "churrasco" embodies a unique tradition of cooking over charcoals and open flames. This dining experience is representative of celebrations, sharing, acceptance and the hospitality among families, friends and neighbours.

Skewered and seasoned, quality meats are seared over the "churrasqueira" then served, table to table to each guest's preference for a truly distinctive experience. During your time with us, we encourage you to sample a little of each cut at a time to prolong your enjoyment and reduce the chance of wasting good food. Stop and go blocks are supplied to help you demonstrate your will power.

Our "passadors", the name for our meat-wielding waiters, appreciate that you keep your children seated during service; small children and large knives have never been a good combination.
